Description

The JUMBO Scaffold Trailer is a reliable and robust transport solution for your scaffolding equipment. This version of the trailer comes without special fittings such as a front support wheel, straps, and box, allowing you to customise the trailer according to your specific needs and preferences. The trailer is designed to handle heavy equipment, ensuring safe transportation of various scaffold components. Whether you need a simple and efficient transport solution or want to add your own features, the JUMBO Scaffold Trailer is a solid choice.
