Description

Profi-Marker set containing 2 pencils and refill for universal leads (red and yellow) as well as graphite leads (grey). The pencils are of exceptionally high quality, made of anodised metal for increased durability and resistance. The practical clip at the top makes it easy to attach the pencils to a pocket or tool belt. The universal leads (red/yellow) can mark on almost any material, wet or dry: car paint, tiles, bricks, wood, glass, rubber, tyres, ceramics, concrete, metal, plastic, etc. The graphite lead (grey) is ideal for marking on wood, paper, and cardboard. The pencils feature a removable top with a built-in sharpener.
