## Description

The JUMBO Drywall Trestle is designed to elevate drywall sheets from the floor, helping to prevent moisture damage and impact damage. By lifting the load off the floor, it provides a practical ergonomic working height of 65 cm, minimising the risk of uncomfortable working positions and injuries.

Technical Specifications:

Height: 65 cm

- Prevents moisture damage to drywall sheets.
  - Protects against impact damage.
  - Improves ergonomics by raising drywall sheets to a comfortable working height.
  - Reduces the risk of work-related injuries.
- The JUMBO Drywall Trestle is a reliable and practical solution for both professional and DIY craftsmen working with drywall. It ensures not only the integrity of the materials but also the comfort and safety of the user during work.
