Product no.	DBNumber	EAN Code	Jumbo Brand	Warranty	Net Weight
21PL000	1385334			1 years	0.01 kg

Description

This strap is specifically designed for securing JUMBO scaffold sheeting, ensuring the sheeting is properly anchored to the scaffolding. The strap has a breaking strength of 30 kg, meaning it can withstand significant loads but will break under excessive wind loads to prevent damage to the scaffolding.

By using 1 strap per m², you ensure an even and secure attachment, preventing the sheeting from coming loose in wind and weather. The strap is easy to install and made from durable materials for long-lasting use.

Specifications:

Breaking strength: 30 kg
Application: Securing JUMBO scaffold sheeting
Recommendation: Use 1 strap per m²
This strap is a reliable solution for ensuring your scaffold sheeting is properly and securely fastened, enhancing safety and efficiency on the construction site.
