Description

This scaffold sheeting is designed to provide effective wind and rainproof screening of scaffolding. With a weight of 150 g/m² and dimensions of 4.00 x 36 m, this sheeting is ideal for protecting work areas from weather impacts, ensuring a safer and more productive construction site.

The scaffold sheeting is robust and durable, making it suitable for use under demanding conditions. It can be easily secured with straps 21PL000, ensuring a secure and stable installation. This sheeting is also UV-resistant, extending its lifespan even with prolonged exposure to sunlight.

Specifications:

- Material: Wind and rainproof plastic
- Dimensions: 4.00 x 36 m
- Weight: 150 g/m²
- Fastening: Can be secured with straps 21PL000
