Description

This chute branch section is designed with a practical side chute for easy disposal of construction waste from your scaffolding. Made from durable plastic material, this insert ensures long-lasting durability and resistance to the demanding conditions of construction sites. The branch section comes with two chains for secure and stable mounting, making installation easy and reliable.

The chute branch section fits perfectly on chute 38GEDA110 and can be used to enhance waste management on the construction site. With the side chute, efficient waste disposal is facilitated, increasing safety and efficiency for workers on the scaffolding.

Specifications:

- Material: Durable plastic
- Mounting: Supplied with two chains
- Compatibility: Fits chute 38GEDA110
