## Description

The JUMBO Inclined Building prop is an element support that ensures optimal stability and safety. This model is made of robust galvanized steel, giving it a long lifespan and high resistance to corrosion. The support can easily be adjusted from 210 to 360 cm, making it highly flexible for different construction projects. With an impressive maximum load capacity of 3000 kg, the JUMBO Inclined Soldier can handle even the heaviest elements with ease.
