Description

The JUMBO roof trolley is a practical and robust cart designed for transporting materials on roofs. The trolley ensures easy and efficient movement of materials and can handle a load of up to 50 kg.

Technical Specifications:

Length: 100 cm
Width: 48 cm
Load capacity: 50 kg
Note:

Before loading the roof trolley, you should check the load-bearing capacity of the lath itself to ensure it can support the desired load. This is important to avoid damage to the lath and to ensure safety during use.

The JUMBO roof trolley is a reliable solution for transporting materials on construction sites and other work environments where efficient material handling is needed.
