Description

This JUMBO toeboard is designed to fit perfectly with a deck length of 70 cm. The toeboard is compatible with JUMBO Rolling, Folding, and Facade scaffolding, making it a versatile choice for various scaffolding types. The toeboard is an essential safety component that helps prevent tools and materials from falling off the scaffold, ensuring a safe working environment. With its sturdy construction, this toeboard is both durable and reliable, ideal for everyday use on construction sites.
