Description

- The JUMBO Universal Scaffold Pro with carpenter setup is designed to meet the demands of professional craftsmen working in challenging environments. The scaffold is made from hot-dip galvanised high-quality steel, providing long-lasting durability and resistance to corrosion.
- The scaffolding is very versatile as it can be classified from scaffolding class 2-5 depending on what type of grating, platform etc. that is in use. A Scaffolding will always be classified depending on the lowest classified component.
- The scaffold is built with the longest possible columns, offering extra height and stability, making it ideal for large construction projects. It features wood/wood standard planks measuring 48x220 cm, providing a secure and stable working surface. The bracket fastenings ensure a strong and reliable connection between scaffold components.
- The JUMBO Universal Scaffold Pro is supplied with one layer of planks, making it ready for use and suitable for a wide range of tasks requiring a robust and dependable scaffold.
