Description

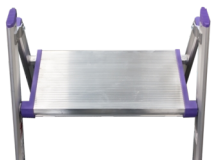

The JUMBO Pro Classic Step Ladder Single is designed to meet the needs of professional tradespeople who require a robust and safe ladder for their daily tasks. This step ladder is constructed with exceptionally stable special profile side rails, providing extra strength and stability. The anodised side rails prevent your hands from getting dirty during work, enhancing comfort and usability.

The ladder features ergonomically designed 8 cm wide aluminium steps, offering both comfort and durability. The large 25x31 cm platform is highly stable, providing a secure base when working from the ladder. To further increase safety, especially when working from the top platform, the ladder is equipped with a safety rail. At the top of the safety rail, there is a convenient tool tray, allowing you to keep your tools within easy reach.

Specifications:

- Exceptionally stable special profile side rails
- Anodised side rails
