Description

The JUMBO Pro Extension Ladder is designed to make working at heights safer and more efficient. The ladder features a pulley system with a rope, ensuring smooth and effortless extension. For even easier operation, the top section is fitted with rollers. The ladder also includes 25 mm wide ergonomic rungs for comfortable and secure climbing. The included stabiliser bar ensures additional stability, keeping the ladder secure even under demanding conditions. This extension ladder is ideal for professionals who need a reliable and user-friendly solution for working at height.
