Description

The JUMBO Pro Warehouse Ladder is a robust and reliable ladder designed for professional use in warehouse and industrial settings. Made with sturdy aluminium side rails, this ladder is both lightweight and durable, while the angled feet in impact-resistant plastic ensure excellent stability on various surfaces. The 10 cm wide ribbed steps provide a solid foothold, enhancing safety during use. The ladder has a height of 392 cm from the base to the top step, and the integrated handrail extends 1 metre above the top step, offering additional support during ascent and descent. This ladder is ideal for those who require a stable and secure solution for working at heights.
