

Combiflex Universal Scaffold

4 x 9 m

PRO

 3 YEAR WARRANTY

Specifications

- Working Height: 6 m
- Standing Height: 4 m
- Scaffolding Class: 3.0
- Weight: 527.18 kg
- Material: Steel
- Colour: Grey
- Load Capacity: 200 kg/m²
- Jumbo Brand: PRO SCAFFOLDS

Description

The JUMBO Combiflex Universal Scaffold is a flexible and robust scaffolding system designed to meet even the most demanding construction needs. The scaffold is made from hot-dip galvanised high-quality steel, ensuring both high strength and low weight, and providing resistance to corrosion. With built-in diagonal bracing in the railing and an innovative cup/wedge-lock joint system, it is quick and easy to assemble and disassemble. This universal scaffold can be constructed at any angle, 360° around, with up to 8 components at each node, offering maximum flexibility on the construction site.

The JUMBO Combiflex is manufactured in accordance with EN12810 standards, ensuring high quality and safety.
