Description

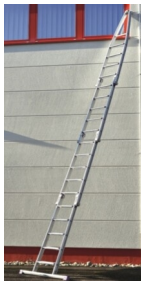

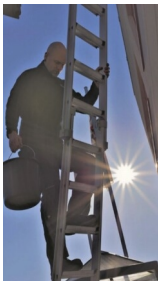

This window cleaning ladder is designed for professionals who need a reliable and robust tool for daily use. The ladder is made of aluminium and features exceptionally stable side rails in a strong special profile, providing extra durability and safety during work.

A major advantage of this ladder is its flexibility. It is easy and quick to assemble and disassemble without the use of tools, making it ideal for transport and use during a busy workday. The 8 cm deep, angled steps provide a large, flat, and comfortable standing surface, improving ergonomics and reducing foot strain.

The ladder’s anodised side rails ensure that your hands remain clean, free from black smudging.

Specifications:

Exceptionally stable aluminium side rails in special profile
Easy tool-free assembly
