## Description

The narrow JUMBO folding scaffold is the perfect choice for tasks where space is limited but quality and safety are still paramount. Made from durable aluminium, this scaffold is designed to handle both indoor and outdoor tasks with ease. The scaffold features fully welded frames and a platform with non-slip and waterproof plywood, providing stability and safety during work. It is quick and easy to set up and dismantle, making it ideal for smaller projects or areas with limited space. Supplied with Ø125 mm wheels with brakes, with the option to purchase larger wheels for increased mobility. The JUMBO Folding Scaffold can also be extended with the corresponding extension set or combined with the JUMBO Rolling Scaffold and additional parts to meet your specific needs.

# Detail Images

Non-slip platforms equipped with staggered hooks, which makes lengthwise extension without displacement possible

Placed at each end under the platform, the patented storm locks are used to secure the platform to the scaffold

The practical and covered snap lock makes assembly easy. The lock is cast solid quality.

Extra sturdy 125mm castors with polyurethane tread. Great wearing qualities and resilience against various solvents.

## The set consists of
