Description

- The JUMBO Universal Scaffold Pro with carpenter setup is designed to meet the high standards that professional craftsmen demand from their equipment. The scaffold is made of hot-dip galvanised high-quality steel, ensuring durability and robustness in demanding work environments.
- The scaffolding is very versatile as it can be classified from scaffolding class 2-5 depending on what type of grating, platform etc. that is in use. A Scaffolding will always be classified depending on the lowest classified component.
- The scaffold is constructed with 1 m internal columns, providing additional support and stability. It features wood/plastic ergonomic planks measuring 36.5x220 cm, offering a secure and comfortable working surface. For added strength, an extra row of beams is included, and the setup is secured with aluminium pipe fastenings.
- The JUMBO Universal Scaffold Pro is supplied with one layer of planks, making it ready for use in a wide range of construction projects where safety and ergonomics are paramount.
