Description

This white net is designed to provide extra protection and security on construction sites. The net features metal eyelets in each corner, making it easy and secure to fasten to construction site fences. With dimensions of 3.45 x 1.80 m, the net fits perfectly with various types of fences and barriers.

The net is made of durable materials that ensure a long lifespan and resistance to wind and weather. It is ideal for use on construction sites, where it can protect against debris, dust, and unauthorised access while maintaining a clean and professional work environment.

Specifications:

- Colour: White
- Material: Durable material with metal eyelets
- Dimensions: 3.45 x 1.80 m
- Application: Fastening to construction site fences
