Description

The Giant Step Ladder "Safety Step" is designed for professionals who need a solid and reliable ladder for everyday use. Crafted from high-quality aluminium, this ladder ensures both strength and durability while remaining lightweight and easy to handle.

The Safety Step features wide steps with non-slip rubber coating, providing extra safety during use. A practical safety bar makes the ladder suitable for a wide range of tasks where stability and security are paramount.

To further enhance usability, the Safety Step is equipped with wheels, making it easy to move around. Its innovative locking mechanism allows the support bar to be extended with a simple press. When not in use, the ladder can be easily folded and stored compactly, making it an ideal choice for those with limited space.

Detail Images
