Description

This window cleaning ladder is designed for the professional window cleaner who needs a reliable and robust tool. The ladder is made of aluminium with exceptionally stable side rails in a strong special profile, providing extra durability and strength.

One of the main advantages of this ladder is its flexibility. It is easy and quick to assemble and disassemble without the use of tools, making it ideal for transport and use during a busy workday. The 100 cm wide ladder foot ensures extra stability and safety when working at heights.

The 8 cm deep, angled steps are ergonomically designed to provide a large, flat, and comfortable standing surface, reducing the strain on your feet during work. The anodised side rails ensure that your hands remain clean, with no black smudging.

Specifications:

Exceptionally stable aluminium side rails in special profile
Easy and quick assembly without tools
