## Description

This modular window cleaning ladder is designed for professional window cleaners who need a flexible and robust solution. The ladder is made of aluminium with exceptionally stable side rails in a strong special profile, providing durability and safety during work.

The ladder consists of two modules: base section and top section, which can be easily and quickly assembled and disassembled without the use of tools, making it ideal for transport and use during a busy workday.

Equipped with practical top wheels and a shock-absorbing rubber tip, the ladder ensures gentle placement against buildings. The 100 cm wide ladder foot provides extra stability and safety during work.

The 8 cm deep, angled steps are ergonomically designed to provide a large, flat, and comfortable standing surface, improving ergonomics and reducing foot strain. The anodised side rails ensure that your hands remain clean, free from black smudging.
