Description

JUMBO telescopic projector mast in hot-dip galvanised steel. This projector mast is easy to transport as it can be divided into three sections. It features stepless height adjustment, making it easy to set the desired height. The base plate has a diameter of 90 cm and a height of 60 cm. The top plate has a diameter of 8 cm and is equipped with an M8 bolt and nut for securing brackets or lamps. Please note that the lamp and brackets are not included.

Height: 3.0 - 5.5 m.
