

Welding set

w. 10 refill white + red

Specifications

Weight: 0.22 kg

Product no.	DBNumber	EAN Code	Jumbo Brand	Warranty	Net Weight
bly010	1255025				0.22 kg

Description

Welding set consisting of two pencils and two sets of refills (5 leads each) in white and red. The craftsman's pencils are of exceptionally high quality, made of anodised metal with a practical clip at the top and a removable top with a built-in sharpener.

The red universal lead is ideal for marking on cold metal, steel, and many other materials. The soapstone lead is suitable for marking on metal and steel during welding and cutting, and can withstand temperatures up to 2,000 °C. It leaves a resistant, white, and fireproof line that is visible even through welding goggles.
