Product no.	DBNumber	EAN Code	Jumbo Brand	Warranty	Net Weight
35BH007	5189826			1 years	18 kg

Description

This short module construction site fence is designed with a robust galvanised finish, ensuring high durability and protection against corrosion. It is particularly suitable for fencing off construction sites, festivals, and other events where a temporary and strong barrier is needed.

The fence is easily assembled with the safety coupling 35BH102 and can be mounted in either concrete blocks 35BH100 or rubber blocks 35BH101, providing flexibility and stability on various surfaces. The heavy-duty construction makes the fence resistant to harsh impacts and ensures a long lifespan.

Specifications:

Tube dimension: Horizontal $\text{Ø}30 \times 1.25$ mm, vertical $\text{Ø}42 \times 1.25$ mm
Wire thickness: Horizontal 4 mm, vertical 3 mm
Mesh size: 100x250 mm
Dimensions: 2.20 x 2.0 m
