Description

JUMBO Super Pro Dual Extension Ladder w/Rope, is an extra wide ladder 51.5 cm. It is an extra strong ladder in craftsman quality, made of 6005-T6 aluminum. This makes the ladder sturdy & durable, while keeping weight low. The ladder has 38 mm ergonomically angled and non-slip steps, which gives you a plane and safe standing surface. Anodized aluminium steps and sidepieces - no dirty fingers! Durable top wheel & nylon fittings in aluminium mounts secure fast & easy extension.

NOTE: To meet the requirements of the configuration of leaning ladders according to EN131-Professional, extension ladders including a base stabilizer should be chosen from a ladder length of 3 meters
