41LG480	1611764	5708375001534	GIANT	3 years	0.7 kg

Description

These aluminium hinges allow you to easily detach the outer sections of your multi-use ladder and assemble them into a separate step ladder. This provides the flexibility to convert one multi-use ladder into two step ladders, which can be practical in various work situations.

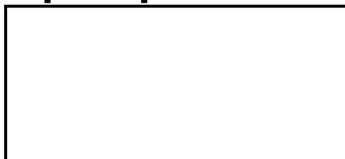

The hinges can also be used with Giant telescopic planks (models 41LG183 or 41LG244) to convert your ladder into a small scaffold, enhancing the versatility of your multi-use ladder.
