Description

This scaffold ladder is 312 cm long and equipped with sturdy hooks at the top, making it easy to securely attach the ladder to scaffolding. It is ideal for scaffold decks with a distance of 3 metres, making it an indispensable tool for craftsmen and construction workers. The scaffold ladder is also suitable as a starting ladder for the first deck layer at 3 metres, providing flexibility and functionality on the construction site. The ladder is designed to be both strong and stable, ensuring a high level of safety during use.
