

# Universal Scaffold Pro

2,50 M Bays | 10 x 17,5 M

EN12810 PRO 3 YEAR WARRANTY

## Specifications

Working Height: 12 m  
Standing Height: 10 m  
Scaffolding Class: 5.0  
Load Capacity: 450 kg/m<sup>2</sup>  
Length: 17.5 m  
Weight: 4203.36 kg  
Material: Steel  
Colour: Grey  
Certification: EN12810  
Jumbo Brand: PRO SCAFFOLDS

Product no.	DBNumber	EAN Code	Jumbo Brand	Warranty	Net Weight

## Description

The JUMBO Universal Scaffold Pro is designed for professionals who demand durability and flexibility on the job site. This scaffold is constructed from hot-dip galvanised high-quality steel, ensuring longevity and resistance to corrosion.

The scaffolding is very versatile as it can be classified from scaffolding class 2-5 depending on what type of grating, platform etc. that is in use. A Scaffolding will always be classified depending on the lowest classified component.

It features 1 m inner columns and 2 m outer columns, paired with 2.45 m longitudinal beams. The platforms are made from wood/wood and measure 24.3x220 cm. For additional stability, an extra row of beams is included for a 1 m lift, along with aluminium tube fastenings. The scaffold is delivered with one platform layer, and the components have a maximum weight of 15 kg, making it easy to handle during setup and dismantling. This scaffold is ideal for demanding construction projects where safety and efficiency are paramount.
