Description

This JUMBO Platform with handrail is specifically designed for use with JUMBO Pro Multi-Use Ladders, but is compatible only with models 41MS102 and 41MS103. The platform provides a secure and stable working surface, while the handrail offers additional support and safety when working at height. This accessory enhances the functionality of your multi-use ladder, allowing safe use of the top rungs. Ideal for professionals who require a reliable and robust solution for working at height.
