Description

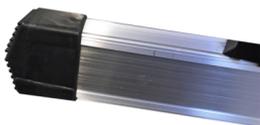

The JUMBO Pro Telescopic Multi-Use Ladder is a versatile and robust solution for all your ladder needs. The ladder features heavy-duty aluminium joints and a durable plastic foot, angled for enhanced stability in all positions. The wide aluminium side rails, ranging from 64-70 mm, provide a solid construction. This multi-use ladder also includes a detachable tool tray, perfect for storing nails, screws, and other small items. Each end of the ladder can be extended independently, allowing it to be used on uneven surfaces, such as stairs. With its compact transport dimensions, the ladder is easy to store and transport, making it an ideal choice for both professionals and DIY enthusiasts.

Detail Images
