|-------------|----------|----------|-------------|----------|------------|
| 1600100H | 1393370 | | | 3 years | 0.11 kg |

Description

These safety clips, also known as "pig tails," are designed to secure the column joints on JUMBO Scaffolding. They play a crucial role in maintaining the stability and safety of the scaffold structure. The clips ensure that the columns are securely connected, reducing the risk of movement or misalignment during use.
