Description

The JUMBO Set of connection pieces is a complete solution for extending your folding scaffold. The set includes everything you need to extend and secure your scaffold: 4 connection pieces, 4 clips, and 4 cotter pins. Each component is designed to ensure a strong and stable connection between sections, allowing you to extend the scaffold in a safe and efficient manner. Whether you're working on a larger project or need extra height, this set provides the flexibility to customise your scaffold to suit your needs.
