Description

This trestle set includes 6 trestles and 10 class 4 platforms, with a maximum load capacity of 300 kg/m². The scaffolding is ideal for a wide range of tasks, as it can be extended in both length and height, providing great flexibility on the job site. Additionally, it can easily be equipped with railings and other safety measures to ensure a secure working environment. The setup is quick and easy, making it a practical choice for both professionals and DIY enthusiasts. With this trestle set, you get a reliable solution that is both efficient and safe.
