Description

The wide JUMBO folding scaffold is a practical and compact scaffold that is easy to set up and dismantle, making it ideal for both small and large projects. The scaffold is made from durable professional quality aluminium, ensuring long-lasting durability and stability. It features fully welded frames and a platform with non-slip and waterproof plywood for added safety. The scaffold comes with Ø125 mm wheels with brakes, but you have the option to purchase larger wheels for increased mobility. This scaffold is suitable for tasks where a large working height is not required, and it can easily be extended with the corresponding extension set or combined with the JUMBO Rolling Scaffold and associated parts.

Detail Images

Non-slip platforms equipped with staggered hooks, which makes lengthwise extension without displacement possible

Placed at each end under the platform, the patented storm locks are used to secure the platform to the scaffold

The practical and covered snap lock makes assembly easy. The lock is cast solid quality.

Extra sturdy 125mm castors with polyurethane tread. Great wearing qualities and resilience against various solvents.

The set consists of

1 PCS	FOLDERAMME 250BK	Folding frame WIDE for 250BK w/wheel
4 PCS	1400125	Castor w/brakes
1 PCS	katalog/avis	JUMBO 2024 product brochure
