Description

This Pro Fibreglass Dual Combi Ladder is designed to meet the demands of professionals who require versatility, strength, and safety in their tools. Made from fibreglass, the ladder is both lightweight and extremely durable, making it easy to handle and transport. It is resistant to electrical currents, making it ideal for electrical work and compliant with CEI EN50528 standards, allowing use for tasks up to 1000V AC and 1500V DC. The combi ladder can easily convert between multiple configurations, making it an indispensable tool in various work scenarios.
