Description

This binder is specifically designed for securing JUMBO scaffolding nets, ensuring a safe and stable installation. The binder is supplied in 2 kg bundles and has a length of 40 cm, making it ideal for efficient and easy attachment of scaffolding nets on construction sites and other locations where safety and stability are required.

The binder is made of high-quality materials, ensuring durability and reliability under all conditions. It is easy to work with and ensures that the scaffolding net remains securely fastened, even under challenging weather conditions.

Specifications:

Weight: 2 kg bundle

Length: 40 cm

Application: Securing JUMBO scaffolding net

This binder is a reliable solution for securely fastening scaffolding nets, ensuring that work on the construction site can be carried out safely and efficiently.
