Description

Scaffolding trailer with rolling scaffold - safe and efficient transport

This scaffolding trailer is designed for easy transport and storage of a rolling scaffold. The included scaffold has a working height of 8 metres and comes with AGR diagonals for increased stability. Each scaffold component has a designated space, ensuring quick and organised handling.

Built for durability, the trailer has a maximum load capacity of 1400 kg while maintaining a tare weight of 360 kg. It is equipped with a built-in brake for safe transport and is delivered without plate

Specifications:

Includes rolling scaffold with AGR diagonals
Scaffold working height: 8 metres
Trailer dimensions (LxWxH): 426 x 160 x 245 cm
Maximum load capacity: 1400 kg
