

Wheel for fence

For JUMBO Fence

Specifications

Weight: 1 kg

Product no.	DBNumber	EAN Code	Jumbo Brand	Warranty	Net Weight
35BH013	1528853			1 years	1 kg

Description

This wheel is designed for mounting on JUMBO construction site fences and is particularly useful when a fence module is used as a gate. The wheel allows the gate to be opened and closed easily and efficiently, ensuring flexible access control on construction sites, at festivals, and other temporary fencing areas.

The wheel is made from durable materials, ensuring a long lifespan and resistance to the challenging conditions of a construction site. It is easy to install and integrates seamlessly with the JUMBO construction site fence system.

Application: For construction site fencing.
