

Scaffold Net white

3,20 x 100 m | 32 g / m²

Specifications

Weight: 13 kg
Colour: White

Product no.	DBNumber	EAN Code	Jumbo Brand	Warranty	Net Weight
21NET310	5187285			1 years	13 kg

Description

This white scaffold net is ideal for light screening of scaffolding on construction sites. The net prevents small items such as tools or building materials from falling off the edge of the scaffold, enhancing safety for both workers and passersby. It is made of wind-permeable material, allowing wind to pass through without compromising the net's stability.

The net can be easily secured with JUMBO Binder Wire 21NBT040 or strips 21NBT100, making installation quick and simple. The white scaffold net also provides a neutral aesthetic appearance that can blend into various construction sites and environments.

Specifications:

Colour: White
Material: Wind-permeable material
Fastening: Can be secured with JUMBO Binder Wire 21NBT040 or strips 21NBT100
Application: Light screening of scaffolding
