38GEDA100	1388415			1 years	8 kg

Description

This chute liner is specifically designed to protect chute 38GEDA110 from damage caused by sharp, hard, or abrasive waste. By using the chute liner, you extend the lifespan of your chutes and ensure they remain in good condition, even under demanding conditions on the construction site.

The chute liner is easy to install and acts as an additional protective barrier inside the chute, preventing the plastic material from being damaged by the waste. This makes waste management safer and more efficient by reducing the risk of damage to the chutes.

Specifications:

- Material: Durable liner material
- Application: For chute 38GEDA110
- Function: Protects against sharp, hard, or abrasive waste
- This chute liner is a reliable solution for improving the durability and lifespan of your chutes, ensuring more efficient waste ma
