Description

JUMBO Battery Lift is an innovative ladder lift with a rechargeable battery unit. Practical and robust - independent of available power sources on-site. The battery lift is easily and quickly assembled, with a reach from 2.1 to 10.0 meters. Simple operation with the included wireless remote control. Can also be supplied with a wifi module, allowing the lift to be controlled from your smartphone - contact JUMBO for pricing. Please note that this is a special-order item.

Capacity: 10.0 meters | 120 kg.
