Description

This single handrail post is designed for use with JUMBO Rolling, Folding, and Facade Scaffolds. It is ideal for creating an end guardrail with the possibility of passage between sections, providing both flexibility and safety on the scaffold. The handrail post is sturdy and easy to install, making it an essential component in building a safe and functional scaffold system. It fits perfectly with the various JUMBO scaffold systems, ensuring that you can maintain the required safety standards while creating a practical workspace.
