Description

The side frame for JUMBO Rolling Scaffold is made of durable aluminium and measures 74 x 200 cm. This 2 m frame is equipped with 8 rungs, making it ideal for higher work areas where additional stability and safety are required. The robust construction ensures long-lasting durability and reliability, while being easy to handle and install. The JUMBO Frame is designed to integrate seamlessly with your existing rolling scaffold, enhancing both functionality and safety.
