Description

The JUMBO Folding Scaffold with stairs and railing is a practical and compact scaffold that can be quickly set up and dismantled. Measuring 178x74 cm, it features a fixed staircase, making it easy to access the three working heights of 0.50 m, 0.75 m, and 1.00 m. The staircase can be folded in when the scaffold is stored. Made from durable aluminium, this scaffold is suitable for both indoor and outdoor tasks. The fully welded frames and the platform with non-slip and waterproof plywood ensure high safety and stability. It comes complete with Ø125 mm wheels with brakes, making it easy to move the scaffold as needed. This scaffold is ideal for projects where a large working height is not required but where stability and safety are crucial.

Detail Images

Non-slip platforms equipped with staggered hooks, which makes lengthwise extention without displacement possible

Placed at each end under the platform, the patented storm locks are used to secure the platform to the scaffold

The practical and covered snap lock makes assembly easy. The lock is cast solid quality.

Extra sturdy 125mm castors with polyurethane tread. Great wearing qualities and resilience against various solvents.

The set consists of

1 PCS	FOLDERAMME 178SKT	Folding frame 178SKT M/stairs U/wheels	6 PCS	1400125	Castor w/brakes
1 PCS	1001780	Platform w/o hatch	2 PCS	1101780	Horizontal brace
