Description

DISCONTINUED

JUMBO DIY base scaffolding in aluminum. Comes complete with platforms and Ø125mm wheels with brakes. Small, practical scaffolding for smaller tasks in the home and garden. The scaffolding can be used as it is, as a small folding scaffolding, or it can be extended at the height of the associated extension axes. Is not compatible with JUMBO Proff scaffolding.

Detail Images

Castors: Standard 125mm nylon castors with brakes

Platforms: Platforms with non-slip plywood. Fitted with hooks at both ends. The hooks are placed in such a manner that extension lengthwise is impossible.
